
Reference, representative test layer
|error| forest − |error| network (blue: network better)
Error against distance to the nearest facies boundary
Facies → Porosity
layer 50
network better on 50.2 % of cells
Facies → VCL
layer 53
network better on 41.5 % of cells
Facies → Permeability (log₁₀)
layer 54
network better on 36.6 % of cells
Random forest
